

## TECHNICAL DATA SHEET

| PRODUCT DESCRIPTION                           |                                                                                            |
|-----------------------------------------------|--------------------------------------------------------------------------------------------|
| PRODUCT NAME: V8 FUEL INJECTOR CLEANER        |                                                                                            |
| SPECIFICATIONS                                |                                                                                            |
| TEST                                          | RESULT                                                                                     |
| Appearance and properties                     | Yellow / red transparent liquid                                                            |
| Odor                                          | irritating odor                                                                            |
| Melting point / freezing point                | -97.8°C                                                                                    |
| Boiling point (initial boiling point) (°C)    | > 35 Flash point (°C): 9 (closed cup)                                                      |
| Explosion limit Upper limit: % (V / V)        | 44                                                                                         |
| Lower limit: % (V / V)                        | 5.5                                                                                        |
| Vapor pressure (kPa)                          | 12.3/20°C                                                                                  |
| Relative water density (g / cm <sup>3</sup> ) | 0.795    Relative vapor density (kg / m <sup>3</sup> ): 1.1                                |
| Solubility                                    | Some soluble in water, soluble in esters, ketones, benzene and most other organic solvents |
| Burning point (°C)                            | 18                                                                                         |
